Information at your fingertips

The World PM2016 mobile app is available for iPhone and Android smartphones and tablets. The app gives you access to the programme and sessions, the ability to create favourites, rate presentations and allow you to message other participants via the network function.

For onsite registered participants, please visit Tammy Harris at the registration & information desk for your access details, and if you have any questions regarding how to use the app.

Download Today

For the latest congress and exhibition information, download the official World PM2016 app, now available from the App Store and Google Play store.

Online Attendee Networking

Through the World PM2016 mobile App there is a 'Network' function. This will allow you to communicate with anyone on this list during the event. Have you seen a poster or oral presentation and would like to ask the author a question? Or maybe you would like to send an enquiry to one of the exhibitors, this can all be done in the app.

The World PM2016 App is compatible with your iPhone, iPad and Android devices.

Installing the App

- For iPhone/iPad users: Visit the App Store and search for 'World PM2016'. The app is free. Tap the download icon and the app will momentarily appear on your homescreen. You are then ready to open and use the World PM2016 App.
- For android users: Visit the Google Play store and search for 'World PM2016'. The app is free. Tap the download icon and the app will momentarily appear on your homescreen. You are then ready to open and use the World PM2016 App.
- For advanced registered attendees, your login details for the network function of the mobile app are:
Username: [the email address you registered with]
Password: epma2016
- For onsite registered participants, please visit the registration desk for your access details.

Please visit worldpm2016.com/app or visit the registration desk for further information.

Final List of Participants

The final list of all World PM2016 Congress & Exhibition participants will be available post-event on www.worldpm2016.com as a PDF download.

EPMA Publications

EPMA online PM publications catalogue is one of, if not the most comprehensive listing of Powder Metallurgy and associated titles in Europe.

All publications featured are English language titles, with some titles exclusive to the EPMA.

For further information, talk to us at the EPMA stand or visit: www.epma.com/publications
